### STRONG SERMON IN "THE BRINK" MASTERPICTURE

DEPICTS TEMPTATIONS AWAITING YOUTHS WHO SEEK A LIFE OF EASE.

FOREST WINANT STARRED

Piece Screened by Thomas H. Ince, Screenland's Master Producer.

A millionaire's son, whose fascinations are the roulette wheel and other games of chance, not only drives his penniless friend home, but also brings about his association with a band of jewel thieves and his regeneration by a beautiful girl who loves him—this is the all-powerful story revealed in "The Brink," a four-part Mutual Motion Picture produced by the Mutual Motion Picture company.

Through the screening of this absorbing, interesting and novel picture, is seen the inner hand of Director Thomas H. Ince, whose fertile brain has conceived and put on the screen a number of the most vivid realistic productions ever filmed.

Forest Winant, one of the most popular players now before the public, was selected by Mr. Ince to head the cast, portraying the dissolute young millionaire.

The plot of "The Brink" goes with young Paul Shore, mischievous and treacherous, of gambling houses and pick-up girls who, in a never-ending race, try to get him, who, like a true devil, is the leader of a band of jewel thieves. The action follows the millionaire's son, who, after driving him home, is compelled to go to the police station and there confesses his association with the jewel thieves.

At first indignantly refusing to join the band, Paul, financially pressed, accepts.

The following day, Grimeshaw sees an account in the papers, blitting at the fabulously value of a string of pearls belonging to a well known family residing in one of the suburbs of New York. With \$2,000 in his pocket, Paul is sent to warn his way into the confidence of the Kirkland family and secure a plan of the house. Kirkland and Paul become fast friends. He is introduced to Betty, Kirkland's beautiful daughter, and instantly falls in love with her. Paul immediately determines to break away from Grimeshaw and his gang.

Returning to the city, Paul seeks out Grimeshaw and tells him of his determination to prevent the proposed robbery. Grimeshaw, angered, assaults him and knocks him unconscious. Then with "Almanac Red," he leads Paul and the two henchmen to the Kirkland home. Pickpockets and rushes to the suburbs, where he finds the two thieves covering Bettis with their guns. In a vain effort to compel her to open the safe, "Red," observing Paul, rushes to the window to escape and is shot and killed by Kirkland, who enters the room in response to Paul's call for help. Grimeshaw escapes in his auto, but while speeding away, falls to his death over a cliff.

"The Brink" will be shown at the Lyric theater today.

**GREAT CROWD OUT TO GREET THE KEYSTONE COMEDY COMPANY**

The Orpheum theater probably never had quite so many amusement boosters made its walls as congregated there last night to welcome J. Sam Houston and the Keystone Comedy Company. J. Sam Houston fired the company with a few brief remarks, so the most unusual ovation aggregation had ever known to atmosphere and then left it to the company to prove his statement, which they did from the first curtain to the last. The play was a curtain from start to finish and thoroughly pleased the critical audience. The Keystone company is here for the week and will change bills each night. Tonight's offering is "The Telephone Prospector," a piece that is bound to please.

### NO ALTERING IN THRIFTY HABITS OF PEOPLE OF NETHERLANDS

Amsterdam, Netherlands, Oct. 19.—Thrity, which is regarded as one of the chief virtues of the Dutch people, has not been affected by the war. Savings banks' returns show that of the near 6,000,000 inhabitants—including men, women and children—of the lowlands no fewer than 1,671,798 are depositors in the postoffice savings bank and about 500,000 others in the agricultural loan banks and private savings banks; making altogether nearly 2,200,000 depositors, or over one in three of the entire population.

The war wagons off around does not appear to have diminished the saving power of the people to any appreciable extent, if at all, for at the end of July this year the total of the deposits in the postoffice savings bank had been reduced by only \$2,277,862 as compared with the same date in 1914—namely, \$21,347,980 as against \$20,025,819. It is thought that most of the reduction was brought about by depositors withdrawing their savings for investment in the new government loans, which return a higher rate of interest.

**BETTER BABIES.**  
The crusade for better babies has spread from coast to coast, and taken firm hold of American mothers. Few women realize how much the health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments.

**FOREST RANGER HAS DEER POACHER FINED**

It has been reported to the district forest office that Ranger Henry Woudrow of the Gila forest was instrumental in securing the arrest and conviction on October 23 of Thomas L. Miller of Deming, New Mexico, for killing a deer out of season. Miller was fined \$75 and costs, \$77 in all.

**CHARLES MAPLES SON DEWEY LOST THE \$20**

Devey Maples, son of Charles Maples, was the loser of the wallet at the state fair, ownership of which was traced by the police through a gift picture found in the billfold, and not Charles Maples, as was stated. Mr. Maples, Jr., wants this identity made clear, because he thinks some folks might regard it as queer that a man of his age carried the picture of a girl in his billfold.

**NIGHT SCHOOL STARTS WITH 102 PUPILS BOOKED**

With an enrollment of 102 pupils, the city night school opened last night. That is an increase over the first night's enrollment last year. Enrollment must be prompt this year. Superintendent John Mitte announces. Pupils will not be allowed to struggle into the classes late in the course, as last year.

Ten pupils is the minimum for each class, only five registered last night for the domestic science and mechanical drawing classes, and unless five more come forward for the courses they will be dropped.

The Biograph moving picture company, or 150 actors and directors of it, stopped here for an hour this morning on the way to the Pacific coast. They are traveling in a special train of eight cars. The camera men took no pictures here.

### BEAUTIFUL OHIO GIRL SELECTED FOR CHIEF ROLE IN NOVEL DRAMA

Grace Valentine, American Venus, to Star in "The New Adam and Eve."

After a long search and a hard one to find the right actress to play the role of Eve in the forthcoming Rialto Star Feature, "The New Adam and Eve," which Richard Garrick is producing at the Gaumont studios for release in the regular Mutual program, Nov. 17, Grace Valentine, the beautiful Broadway star, has been chosen to play the part. As the whimsical first

Grace Valentine was born in Springfield, O., on Valentine day. Her real name is Grace Snow.

but because she was such a pleasant valentine to her family they always called her that. She decided to take that name when she went on the stage.

**LETTER SAYS TURK IS AN HONORABLE FIGHTER**

London, Oct. 19.—An enthusiastic tribute to the Turk as an honorable fighter comes in a letter from an Australian officer to a relative in London.

The Australians will hear nothing evil against the Turk," he writes. "I want to warn you against the tales of Turkish atrocities in Gallipoli or elsewhere. We know all about the Turk. Haven't we fought against him for months? He may be a colored inside, but he fights like a Christian gentleman. One of our fellows went out to get a Turk soldier. Something went wrong and the Turk got him. But he put on a good fight against numbers, and the Turks were so pleased with him that they dressed his wounds and gave him a bottle of wine and water and sent him back to us."

The same officer remarks that at first the English Indian troops regarded the Australian troops with contempt and considered it almost undignified to be asked to fight alongside them. "The Gurkhas," he says, "then said that we were not trained soldiers and that it was not fair to have to fight with us. Then we got into it right together and now they admiringly call us the White Gurkhas."

### IRELAND RAPIDLY BECOMING A SELF SUPPORTING NATION

Dublin, Ireland, Oct. 19.—Ireland is gradually becoming self-supporting in a political sense, the latest revenue returns showing that for the past year the taxes come within \$1,300,000 of equalizing the expenditures. For 1912 the deficit was \$8,109,000, and for 1912 it was over \$7,000,000.

An official report on relations between Ireland and Great Britain shows how the proportion of the population of Ireland has fallen in relation to that of the United Kingdom as a whole, as follows:

### PEOPLE OF LOOS TAKEN TO PYRENEES

(Associated Press Correspondence.) Paris, Oct. 19.—The inhabitants of Loos, who had lived a year under German rule in sight of the British lines before the town was recaptured September 26th, have been transported to the Pyrenees to be sheltered there until their town, now under the continual fire of German batteries, becomes uninhabitable again.

They brought with them copies of papers published by the German authorities in the French language and circulated in northern France in which there appear numerous advertisements that are occupying the attention of the French authorities on the opposition that they offer a war bonus taken in France and Belgium and put on sale by the Germans.

One advertisement runs: "A thousand electric motors and dynamos for disuse by the chief dispatcher for disobeying the road's order against the use of intoxicating liquors."

Among the others are the following: "Sensational offering of 1,200 machines, new or nearly new, at half their value, including crushers, rolling mills, mixers and hydraulic presses, pumps, steam boilers and locomotives."

"Selling out at factory prices 500 pianos, first make."

"One hundred and fifty thousand bottles of Champagne for sale at prices that defy competition."

The houses inserting these advertisements are said to be German firms that have established themselves in Brussels since the occupation.
